“What I like about Perform Gold is that it gives my horses a lot of good bottom in the fuel tank, but doesn’t make them hot. At the same time, Perform Gold keeps the bloom on them that we need.”

—Nick Dowers

### ABOUT TRIPLE CROWN PERFORM GOLD

Protein 12.5%, Fat 12%, Fiber 15%, 1,800 KCAL/lb.

Triple Crown Perform Gold is a high fat, high fiber pellet ideal for performance horses or horses requiring additional calories. Perform Gold focuses on amino acid balance by including whey protein which is essential for muscle growth and development, and also electrolyte balance which aids in hydration. Additionally, it includes an organic, plant-based calcium, which provides gastric buffering for performance horses and those under stress.
